JUDGING A VIRTUAL NHD CONTEST

Rules and procedures that apply to a virtual contest

PERFORMANCE CATEGORY

- All materials (ENTRY AND ACCOMPANYING PAPERWORK) received by judges through the registration system
- Evaluation Form completed and submitted through the registration system
- Individual Performances can be filmed using a camera, phone, or through an online conferencing platform.
- Group Performances were encouraged to practice social distancing, so they could record their performance through an online conferencing platform such as Google Meet, Zoom, or Microsoft Teams.
 - However, if the state, county, or school allows students to attend school in-person, students may be able to record the performance “in-person.” In this case, students may be wearing masks, so they have been instructed to speak loudly and clearly.
- Individual and group performances must be recorded in **one take** regardless of recording platform. Editing multiple clips together is not allowed.
- Students can use backdrops (including virtual backgrounds and other digital effects), costumes, and props during their recording.
- In addition to the recording, students should submit the Performance Companion Worksheet
